THE WORLD OF HORIZON
LE MONDE DE HORIZON
EL MUNDO DE HORIZON

A thousand years after a global cataclysm, Earth has been remade into a lush, thriving ecosystem, but with a new dominant species: the machines. These massive, animal-like robots fill the lands, oceans and skies, serving as the guardians and enforcers of the revived natural order.

Millions of fans have fought against, destroyed and defeated machines in Horizon Zero Dawn and now Horizon Forbidden West. But what is it like to build one?

Mille ans après un cataclysme mondial, la Terre est redevenue un écosystème luxuriant et prospère, où règne une nouvelle espèce dominante : les machines. Ces robots massifs à l'apparence animale peuplent les terres, les océans et le ciel, agissant en tant que gardiens et exécuteurs de l'ordre naturel rétabli.

Des millions de joueurs ont combattu, détruit et vaincu des machines dans Horizon Zero Dawn, et maintenant dans Horizon Forbidden West. Mais que ressent-on lorsqu'on en construit une ?

Mil años después de un cataclismo de proporciones globales, la Tierra está totalmente reconstruida como un ecosistema exuberante y próspero con una nueva especie dominante: las máquinas. La superficie, los océanos y los cielos están llenos de estos monumentales robots con apariencia de animales que se encargan de hacer cumplir las reglas del nuevo orden natural.

Millones de fans han combatido, destruido y vencido a las máquinas en Horizon Zero Dawn, y ahora también en Horizon Forbidden West. ¿Pero cómo se siente construir una de ellas?

THE LEGO® DESIGNER LE CONCEPTEUR LEGO® EL DISEÑADOR DE LEGO®

I fell in love with Horizon Zero Dawn the first time I played it. It's a futuristic world full of gorgeous scenery, strong characters, threatening machines and a rich story. The Guerrilla designers were a huge inspiration and help in capturing the spirit of this universe in LEGO® form. The Horizon fan community is so creative, so this model is dedicated to their passion and imagination.

Je suis tombé sous le charme de Horizon Zero Dawn la première fois que j'y ai joué. C'est un monde futuriste riche en paysages magnifiques, en personnages marquants, en machines menaçantes et en intrigues. Les concepteurs de Guerrilla ont été une grande source d'inspiration et de soutien pour transposer l'esprit de cet univers sous forme LEGO®. La communauté des amateurs de Horizon est si créative, et ce modèle est un hommage à leur passion et à leur imagination.

La primera vez que jugué Horizon Zero Dawn, me fascinó. Se trata de un mundo futurista lleno de hermosos escenarios, fuertes personajes, amenazantes máquinas y un guion muy cuidado. Los diseñadores de Guerrilla fueron una importantísima fuente de inspiración y nos ayudaron a capturar el espíritu de este universo en formato LEGO®. La comunidad de fans de Horizon es extraordinariamente creativa, y este modelo está dedicado a su pasión e imaginación.

THE MACHINES

LES MACHINES

LAS MÁQUINAS

▼ The people of Horizon look upon the machines with wonder and awe. Overall, they appear to be the preservers and protectors of the natural world. Humans live with them in an uneasy balance – hunting some for metal and ammunition, fighting others that encroach on settlements. But a few of these metal giants are so majestic and powerful that no one dares go near them.

▼ Les habitants de Horizon contemplent les machines avec émerveillement et révérence. En général, les machines semblent préserver et protéger le monde naturel. Les humains cohabitent avec elles en équilibre précaire : ils en chassent certaines pour se procurer du métal et des munitions, et combattent celles qui pénètrent dans les colonies. Mais certains de ces géants de métal sont si majestueux et puissants que personne n'ose s'en approcher.

▼ Las personas que viven en Horizon miran a las máquinas con una mezcla de admiración y temor. Después de todo, cumplen con la función de preservar y proteger el mundo natural, al menos aparentemente. Los humanos viven en un precario equilibrio con ellas, cazando a algunas para obtener metal y armas, y peleando contra las que invaden los asentamientos. Pero algunos de estos gigantes de metal son tan majestuosos y poderosos que nadie se atreve a acercárseles.

THE TALLNECK LE GRAND-COU EL CUELLILARGO

Oblivious to interruption and impervious to attack, these giants circle wide areas, monitoring local conditions. Their massive, disk-like heads contain communication hubs that send out signals to other machines. While completely peaceful, they are often guarded by packs of sentries and combat units.

Impassible face aux distractions et insensible aux attaques, ce géant parcourt de vastes zones et enregistre les conditions locales. Sa tête massive en forme de disque abrite un centre de communication qui envoie des signaux aux autres machines. Bien que totalement pacifique, il est souvent défendu par des groupes de sentinelles et d'unités de combat.

Indiferentes a las interrupciones e inmunes a los ataques, estos gigantes recorren extensas zonas monitoreando las condiciones locales. Sus gigantescas cabezas con forma de disco contienen concentradores de comunicaciones que transmiten señales a otras máquinas. Si bien son totalmente pacíficos, con frecuencia están bajo la custodia de grandes grupos de centinelas y unidades de combate.

This display model showcases the beautiful and dangerous world of Horizon with the majestic Tallneck, a vigilant Watcher and Aloy.

Ce modèle à exposer illustre le monde magnifique et dangereux de Horizon avec le majestueux Grand-cou, un Veilleur vigilant et Aloy.

Con el majestuoso Cuellilargo, un Vigía y la minifigura de Aloy, este modelo de exhibición muestra la gran belleza y peligrosidad del mundo de Horizon.

Disk: New building techniques formed the clean circle shape and a solid structure. It is the most complex assembly of the set (and the most fun!).

Disque : De nouvelles techniques de construction ont permis de créer une forme circulaire bien définie et une structure solide. C'est la partie la plus complexe (et la plus amusante !) de l'ensemble.

Disco: Se crearon nuevas técnicas de construcción para dar forma a una estructura sólida con silueta circular. Se trata de la sección más compleja del set (¡y la más divertida!).

Neck: The basic armor plate pattern is almost identical to our first LEGO® sketch model. The neck structure, however, was significantly altered to mimic the mechanical details.

Cou : La disposition des plaques d'armure de base est presque identique à celle de notre première esquisse du modèle LEGO®. La structure du cou, quant à elle, a été considérablement modifiée pour imiter les détails mécaniques.

Cuello: El patrón básico de las placas de blindaje es casi idéntico al del primer boceto de la versión LEGO®. No obstante, la estructura del cuello sufrió bastantes cambios para reproducir los detalles mecánicos.

Body and legs: Sideways building captures the right angles and curves.

Corps et jambes : La construction latérale permet de reproduire les angles droits et les courbes.

Cuerpo y piernas: La construcción lateral captura los ángulos rectos y las curvas.

Feet: Carefully designed to get the right shape, the feet also connect well with the base.

Pieds : Les pieds, minutieusement conçus pour avoir la forme parfaite, se fixent à la base.

Patas: Diseñadas con gran esmero para reproducir su forma con la mayor fidelidad, las patas también se conectan firmemente con la base.

Display base: Includes tall grass where Aloy can hide to avoid the Watcher.

Base d'exposition : Comprend des herbes hautes où Aloy peut se cacher pour échapper au Veilleur.

Base de exhibición: Incluye hierba crecida donde Aloy puede esconderse para evitar ser detectada por el Vigía.

ALOY

Armed with a powerful, hi-tech spear and an ancient device that can decipher digital data, Aloy is the greatest machine hunter of her age. A hero known to all tribes, she has defended them against deadly machines, infamous cults, vengeful insurgents and dangers from the ancient past.

The minifigure details one of her signature outfits, with her Focus incorporated in the hair element.

Armée d'une puissante lance haute technologie et d'un appareil ancien capable de déchiffrer les données numériques, Aloy est la plus grande chasseuse de machines de son temps. Elle est connue de toutes les tribus pour les avoir défendues contre des machines mortelles, des cultes infâmes, des insurgés vengeurs et des dangers provenant d'un passé lointain.

La figurine présente l'une de ses tenues emblématiques, avec son Focus incorporé dans sa chevelure.

Armada con una poderosa lanza de alta tecnología y un antiguo aparato que puede descifrar datos digitales, Aloy es la mejor cazadora de máquinas de su época. Una verdadera heroína reconocida por todas las tribus, ha sido una parte fundamental de la defensa de los asentamientos humanos contra mortales máquinas, malvadas sectas, insurgentes resentidos y peligros de eras pasadas.

La minifigura lleva puesto uno de sus atuendos más característicos, con su dispositivo Focus incorporado en el elemento que representa el cabello.
